

**Guardrails**  
***“Safe and Sound”***

Senior Pastor David Whitten ~ April 12, 2015  
Genesis 2:4-3:24

**Guardrails** – A system designed to keep *people*  
or vehicles from straying into *dangerous* or *off-limits* areas.  
- Wikipedia

**Key Principle:**

Guardrails are designed not to keep us from something **good**,  
but to keep us from something **bad**.

**My Next Steps:**

1. This week I will examine my life to see what guardrails are missing and need to be established.
2. This week when a temptation or questionable opportunity arises, I will think of the danger that awaits on the other side.
3. This week I will memorize this statement: “Guardrails are designed not to keep us from something good, but to keep us from something bad.”
4. \_\_\_ Yes, I am interested in helping serve at the Florida Baptist Children’s Home on Saturday, May 2, from 11—1PM in Lakeland.

**Today’s Worship Songs:**

Jesus, Firm Foundation - *Chapman*  
This is Amazing Grace - *Phil Wickham*  
Lord, I Need You - *Chris Tomlin*  
It Is Well With My Soul - *Jeremy Riddle*
